### Meet my partners:

**Tycen Hanna** A successful real estate developer in Kansas and Texas. Tycen has owned and operated a real estate business for over 4 years doing single-family and multi-family new construction projects and large-scale land development projects.

In the past he was engaged in marketing and sales companies including a few startups.

Tycen independently managed a renovation and sales business in Kansas and is currently engaged in entrepreneurship, management, and fundraising for projects in companies shared with Natalie Yerushalmi and Assaf Kehati, together managing construction projects in Texas for entrepreneurial companies from other states in the US.

**Natalie Yerushalmi** has been a successful real estate entrepreneur for the past 4 years. She has raised funds and completed multiple projects in both Kansas and Texas.

In the past, Natalie served as the CEO of a large nursing company in Israel with many years of experience in taking small companies and building those companies into very large and successful companies. She has many years of experience in managing and operating companies in Israel.

Today Natalie serves as a mentor in Project X, a very prestigious real estate study program.

Natalie has taken her knowledge, skills, and experience to manage a successful real estate company in the United States together with Tycen and Assaf.
